

DATA SHEET

L2H-STPCONN / L2H-STPAGLCON

Description

The Link2Home Connector for LED Flexible Strip Light accessory comes in two different sizes to help expand your lighting setup. Made to pair with Link2Home LED Flexible Strip Lights, these connectors attach multiple strands of lights easily and conveniently to form a cohesive LED light that's correctly sized for your space. Use the basic connector to connect 2 piece of light strip cut at 10CM lengths, or choose the right-angle connector to form a corner with 10CM lengths. A maximum of 10 metres is possible if using driver (L2H-STPDVR5M). A maximum of 20 metres is possible if using a (L2H-STPDVR10M).

Dimensions
